When the need for a powerful yet portable Radial Pressure Wave device is called upon in the clinic or the athletic sports field, the Chattanooga Mobile RPW is the ideal choice. Its lightweight and compact design, together with its quiet, built-in compressor makes it perfect for portable use. User friendliness is at the heart of the Mobile RPW’s design. The simple, ergonomically laid out controls enable all of the key parameters to be easily changed, while an illuminated LED display clearly indicates pressure, frequency and number of pulses. Initiation of the pulses is via a trigger mechanism on the hand piece.
